

Inderprastha Dental College & Hospital

Orientation & Library Learners Program 1st BDS

Report

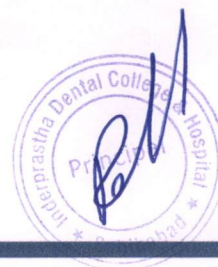

The college welcomed the new batch of 1st BDS students (2023 batch), in a well organized orientation program conducted on 12th September 2023. It was attended by the students along with their parents. The major objective of the programme was to make the parents and students aware of the academic aspects of the course, the rules and regulations of the institute and ensuring parental participation in monitoring the performance and progress of students.

The event started with a welcome speech by the Principal, Dr Rahul Paul. In his address he motivated all students and asked them to pursue their dreams and use the enormous facilities provided by the Institute.

All the HODs of the concerned subjects of 1st BDS oriented the students to the different subjects and to their departments. The students were briefed about the Code of Conduct, anti-ragging protocols and the Mentor Mentee program followed in the college. A set of recommended text books along with a kit of instruments required in 1st year were made available to the students to purchase.

Library is compared to the heart of an educational institution. It supports the needs and thirst of the users of the institution. The goal of an educational institution is to support the teaching and research needs. The main objective of the user orientation is to introduce the library facilities, resources, services and library techniques to the users. The orientation program makes the users familiar with the resources and increases the use of libraries. Engaging with students in library orientations can help reduce the feeling of library anxiety and foster new relationships among students and librarians.

The librarian gave the students an overview of the various sections of the library along with the rules and regulations followed in the library of the institute. In continuation of this, to sensitize the students to the use of library, a library tour was arranged for the students on 15th September 2023. Students were given information regarding how to use the OPAC (Online Public Access Catalogue), arrangements of the books on the shelves and library rules. The program was attended by 97 students. (list attached)

Orientation & Library Learners Program 1st MDS

Report

As a part of the Academic Activity of the Institute, Orientation program for 1st MDS students was organized on 16th October 2023. It was attended by all the newly enrolled students. In this orientation program, a brief introduction was carried out to all the HODS, various committee heads, administrative, service and maintenance staff. The students were oriented about their roles and responsibilities in each specialty and also about the Code of Conduct and general Rules and Regulations of the institute. All the Faculty members deliberated words of advice/suggestions to the newly admitted students.

The usefulness of a library in any academic institution is to support the academic and research needs of its stakeholders. To provide better services to its users, it is the responsibility of the institute's library to make information sources, services, and resources readily available for use and easily accessible to its users. The Library Orientation program offers the students an introduction to the library's resources and services. The program also touches on academic integrity and intrigues in the art of database searching.

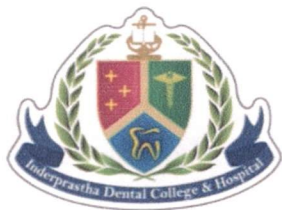

Objectives of Orientation

- To familiarize students with the library facility, resources and services.
- To acquaint students with basic database searching techniques.
- To introduce students to issues of academic integrity.

Librarian of the institute, Mr. Shivam Goel, started with a brief presentation to put forth the library's wealth of resources, facilities, services, staff and layout. He explained in detail about the vast inventory of literature available at the library, both in printed as well as digital forms. He talked about the RFID and OPAC schemes implemented at the library, to make issuing of books hassle free.

In continuation to the Library Orientation Program, a library visit for the students of 1st MDS was held on 16th October 2023 from 11.00AM onwards. Library tour was arranged in order to introduce the physical layout of the library. The librarian also gave demonstration on how to use the LMS and digital library resources. The program was attended by 27 students. (list attached)

SUPPORT WORKSHOP ON LEARNING MANAGEMENT SYSTEM

SUMMARY OF THE WORKSHOP

TITLE	Support Workshop on Learning Management System
SPEAKER	Mr. I.K Singh
DATE	15.05.24
TIME	10am to 4.30pm
NO. OF PARTICIPANTS	50

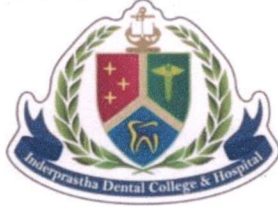

Inderprastha Dental College & Hospital organized a training session on “**Support Workshop on Learning Management System**” on 15th May 2024 in conference room. The session was led by Mastersoft Solutions' Mr. I.K. Singh, a software engineer, in small groups with ten to fifteen faculty members. He presented a thorough and educational lecture on the many features of the software, including the ability to upload lecture notes, take notes during class, play videos, and view power point presentations. Every faculty member participated in the same hands-on experience.

The faculty became acquainted with the software's ease of use and became knowledgeable about its features. Additionally, they comprehended how simple it is for students to log in with their institutional email IDs from anywhere at any time to access information about the syllabus, different lectures, etc. Every faculty member who attended the workshop found it to be very informative and thoroughly enjoyed it.
