## REPORT-STUDENT FEEDBACK ON CURRICULUM 2023-24

3. Is the curriculum conducive to employability in the current scenario?

158 responses

26.6% Strongly agreed that the curriculum is conducive to employability in the current scenario

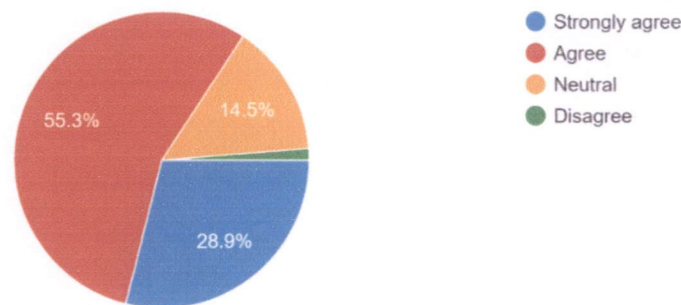

58.2% Agreed to the statement.

13.9% were neutral on this matter.

1.3% Disagreed that the curriculum is conducive to employability in the current scenario.

4. Are there enough workshops, seminars, and programs in the course curriculum?

159 responses

28.9% Strongly agreed that there are enough workshops, seminars and programs in the course curriculum.

55.3% Agreed with the statement

14.5% were neutral on the matter

1.3% Disagreed that there are enough workshops, seminars and programs in the course curriculum.

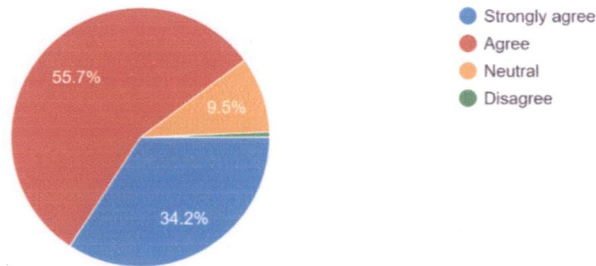

## REPORT-STUDENT FEEDBACK ON CURRICULUM 2023-24

5. Have modern teaching methods been adopted to enhance curriculum understanding?

158 responses

34.2% Strongly Agreed that modern teaching methods adopted have enhanced curriculum understanding

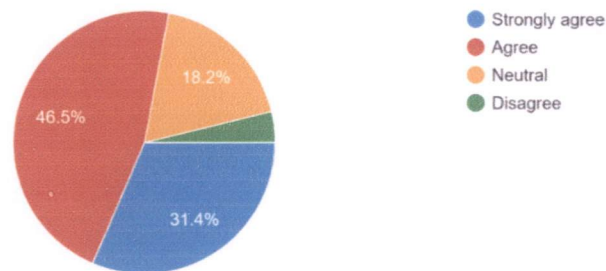

55.7% Agreed with the statement

9.5% were neutral on this matter

0.6% Disagreed that modern teaching methods adopted have enhanced curriculum understanding

6. Is the assessment and evaluation process fair and unbiased?

159 responses

31.4% Strongly agreed that the assessment and evaluation process is fair and unbiased.

46.5% Agreed with the statement

18.2% were neutral on this matter(new methods for evaluation)

3.8% Disagreed that the assessment and evaluation process is fair and unbiased.

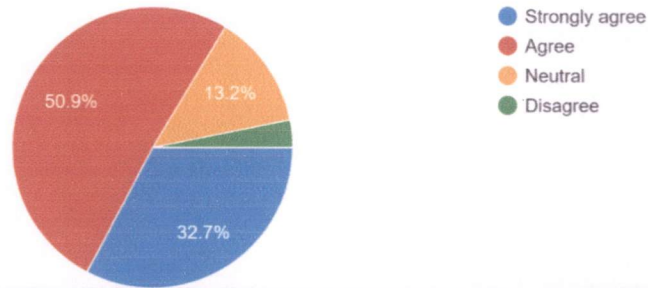

## REPORT STUDENT FEEDBACK ON CURRICULUM 2023-24

7. Do field visits and community postings contribute to knowledge enhancement?

159 responses

32.7% Strongly agreed that the field visits and community postings contributed to the knowledge enhancement.

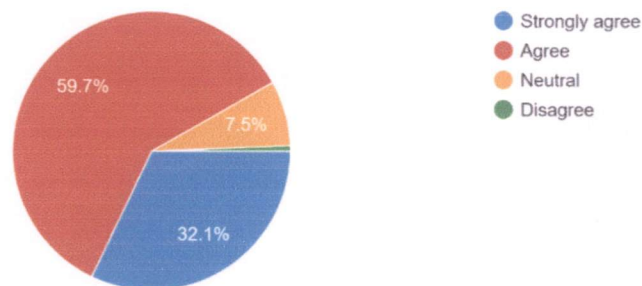

50.9% agreed with the statement

13.2% were neutral on this matter

3.1% disagreed that the field visits and community postings contributed to the knowledge enhancement.

8. Does the curriculum include recent advancements in dentistry?

159 responses

32.1% Strongly agreed that the curriculum included recent advancements in dentistry.

59.7% agreed to the statement

7.5% were neutral on this matter

0.6% disagreed that the curriculum included recent advancements in dentistry.

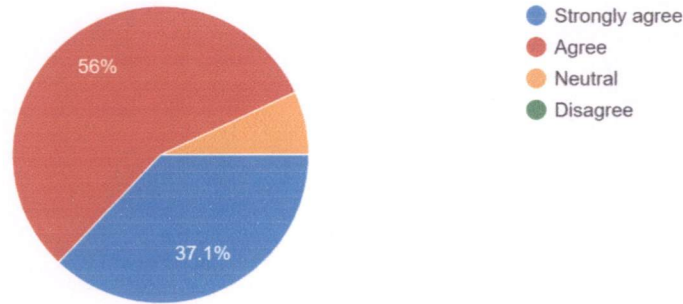

## REPORT STUDENT FEEDBACK ON CURRICULUM 2023-24

9. Is there an equal emphasis on theory and practical course components?

159 responses

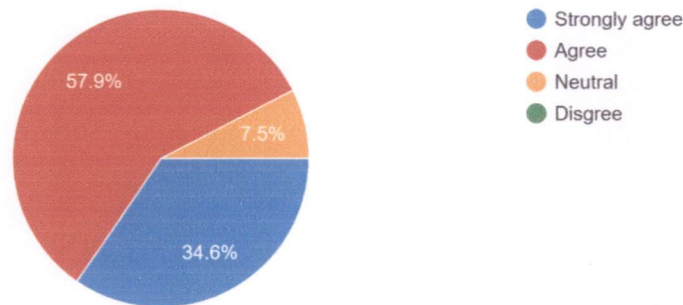

37.1% Strongly agreed that there is an equal emphasis on theory and practical course components.

56% agreed on this statement.

6.9% were neutral on this matter

10. Were the recommended reading materials relevant and appropriate according to the curriculum?

159 responses

34.6% strongly agreed that the recommended reading materials are relevant and appropriate according to the curriculum.

57.9% agreed to this statement. (increase)

7.5% were neutral on this matter.

### ACTION TAKEN REPORT STUDENT FEEDBACK ON CURRICULUM 2023-24

A list of suggestive actions was made

1. Was the course syllabus completed on time?
  - Review the course planning and scheduling processes to ensure realistic timelines for syllabus completion.
  - The teaching plan is updated on LMS monthly & monitored by the Head of the Departments.
2. Does the curriculum design adequately support overall student development?
  - Consider integrating more student-centered approaches, such as active learning techniques or personalized learning paths, to enhance development outcomes.
3. Is the curriculum conducive to employability in the current scenario?
  - Integrate practical experiences such as internships, projects, or case studies that directly enhance employability skills.
  - Offer career counselling and guidance to help students leverage their academic learning into practical career opportunities.
4. Are there enough workshops, seminars, and programs in the course curriculum?
  - Evaluate the scheduling and accessibility of workshops, seminars, and programs to ensure they accommodate diverse student schedules and preferences.
  - Conduct a thorough assessment of current workshop, seminar, and program offerings to identify gaps or areas for improvement.
5. Have modern teaching methods been adopted to enhance curriculum understanding?
  - Acknowledge and appreciate the positive feedback from the majority of students (89.9% in total)
  - Foster a culture of experimentation and feedback where faculty and students can collaborate to continuously improve teaching practices.
6. Is the assessment and evaluation process fair and unbiased?
  - Acknowledge and appreciate the positive feedback from the majority of students (77.9% in total)
  - Foster a culture of transparency by clearly communicating assessment criteria, grading rubrics, and expectations to students.

## REPORT-ALUMNI FEEDBACK ON CURRICULUM 2023-24

This report presents an analysis of the feedback gathered from 77 alumni regarding the curriculum. The aim is to assess their perspectives on various aspects of the curriculum, including its relevance, effectiveness, and areas for improvement.

### 1. Does the institution offer career guidance?

77 responses

18.2% of alumni strongly agreed that career guidance was provided by the institution.

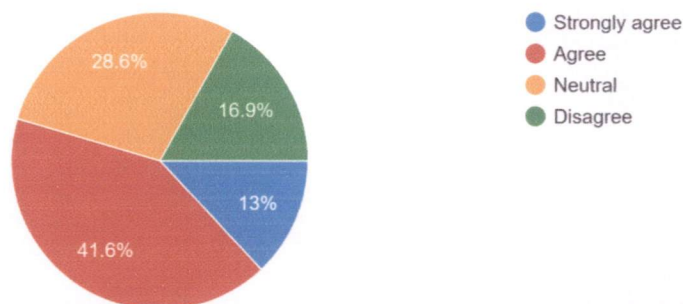

44.2% of alumni agreed with the statement.

33.8% of alumni were Neutral.

3.9% of alumni disagreed that career guidance was provided by the institution.

### 2. Does the institution offer sufficient guidance for competitive exams?

77 responses

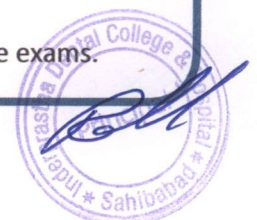

13% of alumni agreed that the institution offer sufficient guidance for competitive exams.

41.6% of alumni strongly agreed with this statement.

28.6% of alumni were neutral on the matter.

16.9% of alumni disagreed that the institution offers sufficient guidance for competitive exams.

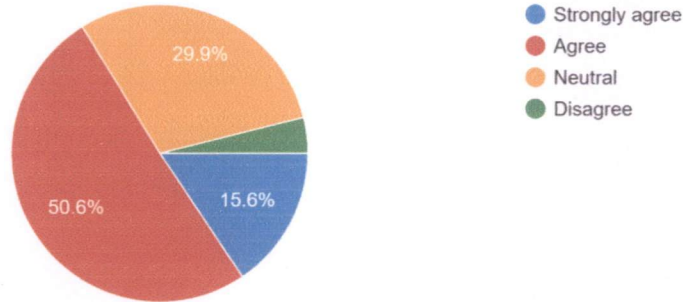

## REPORT-ALUMNI FEEDBACK ON CURRICULUM 2023-24

3. Are you content with the present teaching methodologies?

77 responses

15.6% Strongly agreed and were content with the present teaching methodologies.

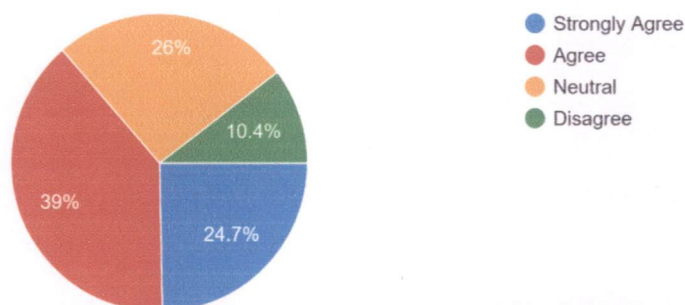

50.6% Agreed to the statement.

29.9% were neutral on this matter.

3.9% Disagreed and were not content with the present teaching methodologies.

4. Do you believe the institution adequately prepares students with clinical skills for independent dental practice?

77 responses

24.7% Strongly agreed that the institution adequately prepares students with clinical skills for independent dental practice.

39% Agreed with the statement.

26% were neutral on the matter.

10.4% Disagreed that the institution adequately prepares students with clinical skills for independent dental practice.

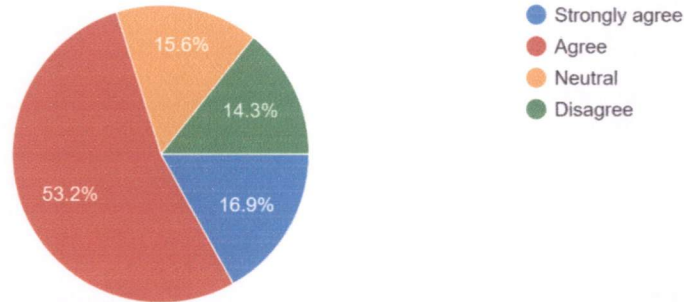

## REPORT-ALUMNI FEEDBACK ON CURRICULUM 2023-24

5. Did the curriculum provide opportunities for research activities?

77 responses

16.9% Strongly Agreed that the curriculum provided opportunities for research activities.

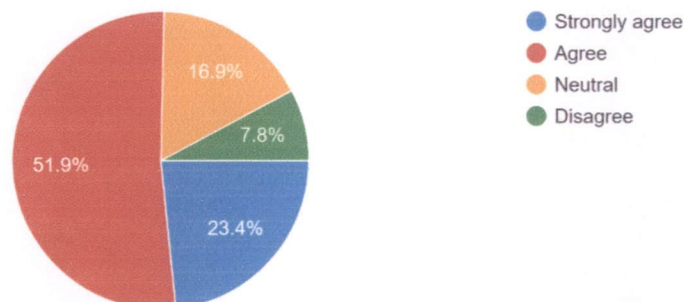

53.2% Agreed with the statement.

15.6% were neutral on this matter.

14.3% Disagreed that the curriculum provided opportunities for research activities.

6. Do you think the educational CDE programs and workshops conducted in the institution helped to enhance your clinical skills?

77 responses

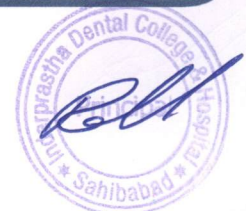

23.4% Strongly agreed that the educational CDE and workshops conducted in the institution helped to enhance your clinical skills.

51.9% Agreed with the statement.

16.9% were neutral on this matter.

7.8% Disagreed that the educational CDE and workshops conducted in the institution helped to enhance your clinical skills.

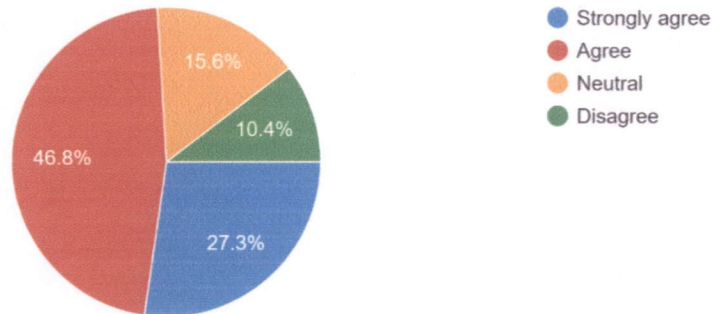

## REPORT ALUMNI FEEDBACK ON CURRICULUM 2023-24

7. Do you think the Field visits/ Community postings enhanced your learning experience?

77 responses

27.3% Strongly agreed that the field visits and community postings contributed to the knowledge enhancement.

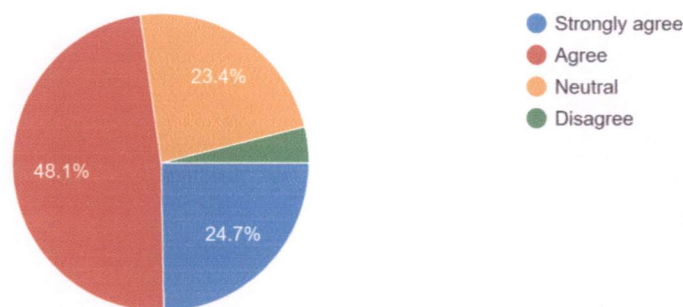

46.8% agreed with the statement

15.6% were neutral on this matter

10.4% disagreed to the statement

8. Have faculty members adopted modern teaching methods to enhance curriculum understanding?

77 responses

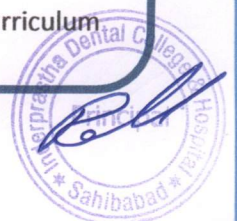

24.7% Strongly agreed that the faculty members adopted modern teaching methods to enhance curriculum understanding.

48.1% agreed to the statement

23.4% were neutral on this matter

3.9% disagreed that the faculty members adopted modern teaching methods to enhance curriculum understanding.

### ACTION TAKEN REPORT ALUMNI FEEDBACK ON CURRICULUM 2023-24

Q1. Does the institution offer career guidance?

- Appreciate and acknowledge positive feedback

Q2. Does the institution offer sufficient guidance for competitive exams?

- Mock exams were introduced for preparation of Post graduation entrance examination.

Q3. Are you content with the present teaching methodologies?

- Appreciate and acknowledge positive feedback

Q4. Do u believe the institution adequately prepares students with clinical skills for independent dental practice?

- Students are provided with opportunities for clinical rotations where they practice real-world dental procedures under supervision. This exposure to diverse patient cases helps bridge the gap between classroom learning and practical application.

Q5. Did the curriculum provide opportunities for research activities?

- ICMR grants have been introduced in the college for last few years for undergraduates and postgraduates.

Q6. Do you think the educational CDE programs and workshops conducted in the institution helped to enhance your clinical skills?

- More evaluation and scheduling of workshops, seminars, and programs will be done to ensure they accommodate distinct student schedules and inclinations.

Q7. Do you think the field visits/community postings enhanced your learning experience?

- Observation and evaluation of the outcomes of these activities are regularly done to assess their contribution to knowledge enhancement and student learning.

Q8. Have faculty members adopted modern teaching methods to enhance curriculum understanding?

- Appreciate and acknowledge positive feedback

# Inderprastha

## Dental College & Hospital

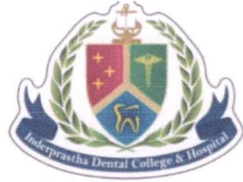

Q9. Do you think the assessment and evaluation process was fair and unbiased during your entire course?

- Enhance clarity in how evaluations are conducted will be communicated to students. Clear guidelines, rubrics, and expectations will be provided for each assessment to help students understand how they are being evaluated and what is expected of them.

Q10. Do you think the curriculum included the recent advancements in dentistry?

- Faculty members were encouraged to participate in continuing education programs and professional development activities to stay abreast of new advancements.
- More value-added programs related to the recent advancements in dentistry will be conducted and discussed in the academic committee meeting.
