## Program Report – Gender Sensitization and Gender Equity 4.6. 2024

Inderprastha Dental College and Hospital organized a lecture on Gender sensitization and Gender equity. Gender sensitization aims to create a more equal and just society where individuals are not discriminated against based on their gender. Gender equity means respecting all people without discrimination, regardless of their gender.

Advocate Dinesh Chaturvedi sensitized about the importance of Gender balance in society.

He emphasized behavior modification through raising awareness of gender equality concerns and the need to eliminate gender discrimination. He explained the concept gender equity which recognises that women and men have different needs and power and that these differences should be identified and addressed in a manner that rectifies the imbalances between the sexes.

The program was attended by **53 male and female students.**
