INTRAMURAL GRANT

This is to certify that the following students have been selected for the Intramural Grant by the Institution, after a detailed review and evaluation of their research proposals:

S.No	Name of Principal Investigator	Title of the Project	Funds Provided (INR)
1	Dr. Kirti Chawla	Comparative evaluation of new caries diagnostic tools - intra oral scanner and artificial intelligence-based caries detection software with visual examination on the efficacy of caries detection in children.	40,000/-
2	Dr. Shama Parveen	To evaluate the soft and hard tissue parameters in delayed dental implant placement with and without porcine-derived collagen matrix: A 4-months clinico-radiological study.	72,600/-
3	Dr. Vasudha Chathley	Comparative evaluation of the addition of nanoparticles on push-out bond strength and apical sealing ability of root end filling biomaterials: an in-vitro study.	24,000/-
4	Dr. Aakash Gupta	To evaluate and compare the marginal adaptation, internal fit, and fracture toughness of provisional crowns fabricated using conventional indirect technique, CAM, and 3D printing - An In vitro study.	20,000/-
5	Dr. Mainak Halder	Comparative evaluation on orthodontic brackets for antimicrobial property of nanochitosan coated against four different microorganisms - An in vitro study.	60,000/-

A total of Rs. 2,16,600/- has been released to support the research of the students and we extend our best wishes for the success of their respective projects.

Dr. Rahul Paul
