Department of Orthodontics and Dentofacial Orthopedics

ALIGNERS WORKSHOP

1.	TITLE	Aligners Workshop	
2.	Speaker	Dr Swapnil Gupta	
3.	Date Module 1	21 /07/2021 & 22/07/2021 (12hours)	
	Module 2	1/09/2021 & 2/09/2021 (12hours)	
4.	Time	9 am to 4 pm	
5.	No .of Hours	24 hours	
6.	No. of Participants	23	

Orthodontics is one of the fields in Dentistry that has also benefited from advances in 3D printing, enabling the transition to a fully digital workflow with the incorporation of intraoral scanners and 3D printers. 3D printing can enable the presentation and visualization of these changes and, therefore, aid orthodontists foresee the biological responses following the application of orthodontic forces and patients visualize the final outcomes of orthodontics treatment. Moreover, 3D printing has been used to fabricate orthodontic models, aligners, and appliances.

Module 1

- Use of intra oral scan
- Intraoral scans for fabrication of orthodontic study models, aligners
- The accuracy of digital models made from intraoral scans
- The digital file is uploaded and transferred to the lab

Module 2

- Introduction to clear aligners
- Biomechanics of aligners ,
- Case selection for ODS aligners,
- insight into aligner fabrication
- IPR and auxiliaries with ODS aligners,

Objectives achieved:

Post graduate student were given hand on demonstration for intraoral scanning, 3D model printing and fabrication of aligners designing product applicability and predictability to address a wide range of cases, from simple to complex. With the help of customized attachments and accessories, many extraction as well as non-extraction cases are feasible Cases were discussed and same day fabrication and patient aligner delivery was done. Attachments fabrication and mechanics were discussed

Department of Oral and Maxillofacial Surgery

ADVANCED ORAL IMPLANTOLOGY COURSE

Course Dates: Module 1 (Surgical): 4-6 December 2019

Module 2 (Prosthetic): 6-8 January 2021

Time:

9:00 AM to 5:00 PM

Venue:

Inderprastha Dental College And Hospital.

Sahibabad, Ghaziabad, UP-201011

Participants: 72

MODULE 1 (3 DAYS) - SURGICAL PHASE

- Introduction to basic Implantology
- Application and scope dental implants in private practice
- Bone biology anatomy and healing
- Diagnosis and treatment planning.
- Radiographic evaluation of OPG/CBCT/IOPA
- Asepsis and sterilization protocols
- Introduction to implant system (component and armamentarium)
- Surgical techniques and suturing techniques
- Management of Surgical Complications
- Role of multidisciplinary approach in Implantology
- Hands on : Placement of implants on typhodont mandibles
- Live Demonstration: Implant placement by mentor
- Surgical experience : implant placements by participants in live patients

MODULE 2 (3 DAYS) - PROSTHETIC PHASE

✓ Lectures

- Principals of occlusion in implant supported prosthesis
- Loading protocols
- Hands on: impression procedures and techniques
- Stage 2 surgery by participants on patients
- Concluding sessions: Newer advances, bone grafting, platelet rich fibrin and future of Implantology.

Faculty:

Dr. (Prof.) Akash Sachdeva Dept. of Oral & Maxillofacial Surgery

Dr Akash Sachdeva is a consultant Maxillofacial Surgeon and

Implantologist in New Delhi, with clinical experience of more than 15 years. He graduated from Amravati University in 1996 and did his Masters in Oral and Maxillofacial Surgery in 2001 from the Buddha Institute of Dental Sciences and Hospital, Magadh University.

His practice is dedicated to the field of maxillofacial surgery, and he has a keen interest and vast experience in dealing with dental implants, dental trauma, as well as oral pathologies. He is a full-time teaching faculty with a dental college in the National Capital Region of Delhi.

Dr. Sachdeva is consultant to various hospitals in Delhi like Jaipur Golden Hospital, Sunderlal Jain Hospital, Bhagat Hospitals, Apollo White Clinics, Nova Specialty Hospital, Sant Parmanand Hospital, Aakash Healthcare, and Max Healthcare in Gurgaon etc.

Dr. Sachdeva has attended various national and international conferences, as well as global symposiums on dental implants over the years. He has completed various courses on full-mouth rehabilitation with dental implants, courses related to hard and soft tissue regeneration for optimal implant aesthetics with Dr. Lewis Cummings, CA, and innovations in computer guided surgery with Dr. Michael Klein, in April 2009 in Chicago, USA.

For the past 5 years, Dr. Sachdeva has been imparting training programs on implants at the Finishing Touch Academy in New Delhi, which specializes in basic and advanced implantology and general dentistry.

Dr. (Prof.) Vikram Blaggana HOD Dept. of Periodontics

Dr. (Prof.) Vikram Blaggana is the Head of Department of Periodontology and Oral Implantology at Inderprastha Dental College and Hospital, Sahibabad, Ghaziabad in UP, and is presently the Executive Committee member of the Indian Society of Periodontology. He completed his Postgraduation (MDS) from the prestigious Punjab Govt. Dental College & Hospital, Amritsar

in the year 2002. He has been associated with teaching as well as clinical practice ever since. Dr. Blaggana did a Certificate Course in Implantology in 2005 and attained his Fellowship with the International Congress of Oral Implantologists (FICOI), USA in 2009. He has also been inducted as a Fellow of the prestigious International College of Dentists (FICD), USA in 2011.

Dr. Blaggana has numerous international and national publications as author in various journals of dentistry and has been the Guest Speaker for various conferences. He is also involved in imparting training in implantology to students at various forums.

Dr. (Prof.) Ajai Gupta

Dr. (Prof.) Ajai Gupta did his graduation in 1996, followed by advanced training in Implantology from Nova Southeastern University in 2004. He also completed a one year Certificate course in Implantology from KLE Belgaum in 2004. Furthermore, he completed his Masters in Prosthodontics in 2006. He is presently working as a Professor in the Dept. of Prosthodontics at Inderprastha Dental College and Hospital.

Dr. (Prof.) Suprabha Rathee Dept.

Dr Suprabha Rathee did her graduation in 2007 from Government Dental College Rohtak followed by post graduation in prosthodontics in 2012. She is in implant dentistry since 2009 and specialized in smile makeover as well as full mouth rehabilitation cases. At present she is working as a professor in Inderprastha Dental College.

Endorise – Single visit rotary Endodontics 2019

TITLE	ROTARY ENDODONTICS
SPEAKER	DR VAIBHAV GARG
DATE	12-14TH SEPTEMBER 2019
HOURS	24 HOURS
TIME	9:30am- 5:30pm
PARTICIPANTS	30

A Course was conducted on Rotary endodontics. It is the newer technology that helps to make the root canal experience both comfortable and efficient for dental patients. It is now the modern day requirement for fast, easy, efficient and improved version of age old cleaning and shaping procedure which plays a key role in the successful endodontic treatment. Instead of using traditional manual files and stainless-steel instruments to treat a root canal, rotary endodontics employs electrically-powered instruments to perform treatment on root canals more efficiently. Therefore, this course was implemented in our department for students to make them aware of this new technology for better treatment outcome in clinics. The lecture and hands on was conducted by Dr Vaibhav Garg. The course was successfully attended by 30 participants.

Inderprastha Dental College & Hospital

46/1, Site-IV, Industrial Area, Sahibabad, Ghaziabad-201010 (U.P.)

IPDC/PO/Notice/2019/83A

Date - 04/09/2019

NOTICE

This is to inform all respective students that a **Lecture with hands-on session** is being conducted on 12th – 14th September, 2019 in the Department of Conservative Dentistry And Endodontics, on the topic **EndoRise** – **Single Visit Rotary Endodontics**. The students are requested to contact Dr. Aditi Dhaundiyal for the details of registration and schedule of the program.

Date – 12^{th} – 14^{th} September, 2019

Time - 09:30am onwards

Speaker - Dr. Vaibhav Garg

Students – Final year BDS and Interns

Students are requested to kindly take note of the same.

Course on

"Endorise- Single visit Rotary Endodontics" 12th-14th September 2019

BY: DR. VAIBHAV GARG

MDS Conservative Dentistry And Endodontics Senior Consultant at Vidyasagar Hospital Founder Director (Academics) Dental Innovation And Science

Day1

Inauguration

*Welcoming the guest

*Followed by introduction

Lecture

*Understanding about Endo-File
System

Demonstration

*Demons Endo resin block

Day 2

Lecture
-Curved canal anatomy
-Rotary Endodontics
Demonstration
-On extracted teeth with curved
canal anatomy
Live Demo
-Live demonstration of the
procedure

Day 3

Hands-on
-By the students under the
guidance of the staff.
Felicitation
-Providing certificates to the
students.

Department of Oral and Maxillofacial Surgery

ADVANCED ORAL IMPLANTOLOGY COURSE

Course Dates: Module 1 (Surgical): 29-31 October 2018

Module 2 (Prosthetic): 23-25January 2019

Time: 9:00 AM to 5:00 PM

Venue: Inderprastha Dental College And Hospital,

Sahibabad, Ghaziabad, UP-201011

Participants: 99

MODULE 1 (3 DAYS) SURGICAL PHASE

√ Lectures

- · Introduction to basic Implantology
- Application and scope dental implants in private practice
- Bone biology anatomy and healing
- · Diagnosis and treatment planning
- Radiographic evaluation of OPG/CBCT/IOPA
- · Asepsis and sterilization protocols
- · Introduction to implant system (component and armamentarium)
- · Surgical techniques and suturing techniques
- · Management of Surgical Complications
- Role of multidisciplinary approach in Implantology
- ✓ Hands on: Placement of implants on typhodont mandibles
- ✓ Live Demonstration: Implant placement by mentor
- Surgical experience: implant placements by participants in five patients

MODULE 2 (3 DAYS) - PROSTHETIC PHASE

✓ Lectures

- · Principals of occlusion in implant supported prosthesis
- · Loading protocols
- √ Hands on: impression procedures and techniques
- √ Stage 2 surgery by participants on patients

**Concluding sessions: Newer advances, bone grafting, platelet rich fibrin and future of Implantology.

Faculty:

Dr. (Prof.) Akash Sachdeva Dept. of Oral & Maxillofacial Surgery

Dr Akash Sachdeva is a consultant Maxillofacial Surgeon and

Implantologist in New Delhi, with clinical experience of more than 15 years. He graduated from Amravati University in 1996 and did his Masters in Oral and Maxillofacial Surgery in 2001 from the Buddha Institute of Dental Sciences and Hospital, Magadh University.

His practice is dedicated to the field of maxillofacial surgery, and he has a keen interest and vast experience in dealing with dental implants, dental trauma, as well as oral pathologies. He is a full-time teaching faculty with a dental college in the National Capital Region of Delhi.

Dr. Sachdeva is consultant to various hospitals in Delhi like Jaipur Golden Hospital, Sunderlal Jain Hospital, Bhagat Hospitals, Apollo White Clinics, Nova Specialty Hospital, Sant Parmanand Hospital, Aakash Healthcare, and Max Healthcare in Gurgaon etc.

Dr. Sachdeva has attended various national and international conferences, as well as global symposiums on dental implants over the years. He has completed various courses on full-mouth rehabilitation with dental implants, courses related to hard and soft tissue regeneration for optimal implant aesthetics with Dr. Lewis Cummings, CA, and innovations in computer guided surgery with Dr. Michael Klein, in April 2009 in Chicago, USA.

For the past 5 years, Dr. Sachdeva has been imparting training programs on implants at the Finishing Touch Academy in New Delhi, which specializes in basic and advanced implantology and general dentistry.

Dr. (Prof.) Vikram Blaggana HOD Dept. of Periodontics

Dr. (Prof.) Vikram Blaggana is the Head of Department of Periodontology and Oral Implantology at Inderprastha Dental College and Hospital, Sahibabad, Ghaziabad in UP, and is presently the Executive Committee member of the Indian Society of Periodontology. He completed his Postgraduation (MDS) from the prestigious Punjab Govt. Dental College & Hospital, Amritsar

in the year 2002. He has been associated with teaching as well as clinical practice ever since. Dr. Blaggana did a Certificate Course in Implantology in 2005 and attained his Fellowship with the International Congress of Oral Implantologists (FICOI), USA in 2009. He has also been inducted as a Fellow of the prestigious International College of Dentists (FICO), USA in 2011.

Dr. Blaggana has numerous international and national publications as author in various journals of dentistry and has been the Guest Speaker for various conferences. He is also involved in imparting training in implantology to students at various forums.

Dr. (Prof.) Ajai Gupta

Dr. (Prof.) Ajai Gupta did his graduation in 1996, followed by advanced training in Implantology from Nova Southeastern University in 2004. He also completed a one year Certificate course in Implantology from KLE Belgaum in 2004. Furthermore, he completed his Masters in Prosthodontics in 2006. He is presently working as a Professor in the Dept. of Prosthodontics at Inderprastha Dental College and Hospital.

Dr. (Prof.) Suprabha Rathee Dept.

Dr Suprabha Rathee did her graduation in 2007 from Government Dental College Rohtak followed by post graduation in prosthodontics in 2012. She is in implant dentistry since 2009 and specialized in smile makeover as well as full mouth rehabilitation cases. At present she is working as a professor in Inderprastha Dental College.

Endorise – Single visit rotary Endodontics 2018

TITLE	ROTARY ENDODONTICS
SPEAKER	DR VAIBHAV GARG
DATE	20 th -22 nd SEPTEMBER 2018
HOURS	24 HOURS
TIME	9:30 am – 5:30pm
PARTICIPANTS	36

A Course was conducted on Rotary endodontics. It is the newer technology that helps to make the root canal experience both comfortable and efficient for dental patients. It is now the modern day requirement for fast, easy, efficient and improved version of age old cleaning and shaping procedure which plays a key role in the successful endodontic treatment. Instead of using traditional manual files and stainless-steel instruments to treat a root canal, rotary endodontics employs electrically-powered instruments to perform treatment on root canals more efficiently. Therefore, this course was implemented in our department for students to make them aware of this new technology for better treatment outcome in clinics. The lecture and hands on was conducted by Dr Vaibhav Garg. The course was successfully attended by 36 participants.

Inderprastha Dental College & Hospital

46/1, Site-IV, Industrial Area, Sahibabad, Ghaziabad-201010 (U.P.)

IPDC/PO/Notice/2018/65A

Date - 13/09/2018

NOTICE

This is to inform all respective students that a **Lecture with hands-on session** is being conducted on 20^{th} - 22^{nd} September, 2018 in the Department of Conservative Dentistry And Endodontics, on the topic **EndoRise** — **Single Visit Rotary Endodontics**. The students are requested to contact Dr. Aditi Dhaundiyal for the details of registration and schedule of the program.

Date - 20th - 22nd September, 2018

Time - 09:30am onwards

Speaker - Dr. Vaibhav Garg

Students - Final year BDS and Interns

Students are requested to kindly take note of the same.

Course on

"Endorise –Single visit Rotary Endodontics" 20-22nd September 2018

Day 1 Inauguration Lecture

- Introduction to rotary endodontics.
- Different file system

Demonstration

 Different file systems were demonstrated on Endo training blocks

.

Day 2

Lecture

Rotary endodontics in curved canals.

Demonstration

 File systems were demonstrated on extracted teeth with curved root canals.

Live Demonstration

Day 3

Hands-on

 Participants experience rotary endodontics on endo training blocks, extracted teeth & Patient

BY DR VAIBHAY GARG

- MDS Conservative Dentistry and Endodontics.
- Senior consultant at Vidyasagar Hospital.
- Founder Director (Academics)

ADVANCED ORAL IMPLANTOLOGY COURSE

Course Dates: Module I (Surgical): 25-27 September 2017

Module 2 (Prosthetic): 15-17 January, 2018

Time: 9:00 AM to 5:00 PM

Venue: Inderprastha Dental College And Hospital,

Sahibabad, Ghaziabad, UP-201011

Participants: 149

MODULE 1 (3 DAYS) - SURGICAL PHASE

✓ Lectures

- Introduction to basic Implantology
- Application and scope dental implants in private practice
- Bone biology anatomy and healing
- · Diagnosis and treatment planning
- Radiographic evaluation of OPG/CBCT/IOPA
- · Asepsis and sterilization protocols
- Introduction to implant system (component and armamentarium)
- Surgical techniques and suturing techniques
- · Management of Surgical Complications
- Role of multidisciplinary approach in Implantology
- Hands on : Placement of implants on typhodont mandibles
- ✓ Live Demonstration : Implant placement by mentor
- Surgical experience: implant placements by participants in live patients

MODULE 2 (3 DAYS) - PROSTHETIC PHASE

✓ Lectures

- Principals of occlusion in implant supported prosthesis
- · Loading protocols
- ✓ Hands on: impression procedures and techniques
- ✓ Stage 2 surgery by participants on patients
- Concluding sessions: Newer advances, bone grafting, platelet rich fibrin and future of Implantology.

Or. Suprabha Rather Reader, Deptt. of Prosthodontics

Or Suprabha Rathee did her graduation in 2007 from Govt Dental College Roktak followed by post-graduation in Densithandarders in 2013 starts in its Implant destrates cores 2009 and operiolized in smile makeover as well as full mouth rehabilitation cases. At present the is working al a reader in inderprasthal dental college.

Faculty:

Or (Prof.) Akash Sachdeva Depth of Oral & Maxillofacial Surgery

Dr. Akash Sachdeva is a consultant Maxillofacial Surgeon and Implantologist in New Dethi, with a clinical experience of more than 15 years. He graduated from Amravati University in 1996 and in 2001 he did his Masters in oral and maxillofacial surgery from the Buddha Institute of Dental Sciences and Hospital.

His practice is dedicated to the field of maxillofacial surgery and he has a special interest and vast experience in dealing with dental implants, dental trauma, as well as oral pathologies. He is a full time teaching faculty with a dental college in the National Capital Region of Dethi. Dr. Sachdeva is consultant to various hospitals in Dethi like Jaipur Golden Hospital, Sunderial Jain Hospital, Bhagat Hospitals, Apollo White Clinics, Nova Specialty ital, Sant-Parmant Hospital, Aakash Healthcare, Max Healthcare, Gurgaon etc.

Or Sachdeva has attended various national and international conferences as well as global symposiums on dental implants over the years. He has also done various courses on full mouth rehabilitation with dental implants, courses related to hard and soft tissue regeneration for optimal implant aesthetics with Dr. Lewis Cummings, CA, and innovations is computer guided surgery with Dr. Michael Klein, in April 2009 in Chicago, USA

Dr. Sachdevs has since then been imparting training programs on implants for the past S years at the Finathing Touch Academy in New Dethi, which specializes in basic and advanced englantislicity and general dentistry.

Dr (Prof.) Yaram Blaggana is the Head of Department of Periodontology and Oral Implantology at Inderpressha Dental College and Hospital, Sahibabad, Ghaziabad (UP) and is presently the Executive Committee member of the Indian Society of Periodontology

a completed for Postgraduation (MOS) from the prestigious Punjab Govt. Dental College & Household American in the year 2002. He has been associated with teaching as well as Chinagal propidica week since

Dr. Bilangganu did a Certificate Course in Implantology in 2005 and attained his Fellowship with the international Congress of Oral Implantologists (FICOI), USA in 2009. He has also been inducted as a Fellow of the prestigious International College of Dentists (FICD), USA ac 2011

On Biologiana has numerous international and national publications as author in various governal is of dentitions, and has been the Guest Speaker for various conferences too. He is also invalided in important training in implantology to students at various forums.

- 805-000&H, Mumba: 1980
- MOS-GOC&H, Mumbai 1984 Member IDA, ISOI IAACD, India, Fellow ICQI, USA
- Underwent training in Dental Laboratory Technology in
- Germany 1984
- Laboratory experience since 1985 at Dentech Lab, Mumbai, KDPL Pune, Bangalore, Delhi

- Rupt. Fune, Bangaiore, Dethi implant prosthetic experience since 1990.
 Recipient of Best Dental Laboratory Award by BTE IN in 2013.
 Recipient of Best Dental Laboratory Award by FAMDENT in 2014.
 Attended CE courses, workshops on DLT, implant prostheses in India and abroad Conducted workshops and CE courses, Lactured extensively in India.

Endorise- Single visit rotary Endodontics 2017

TITLE	ROTARY ENDODONTICS		
SPEAKER	DR VAIBHAV GARG		
DATE	7-9 TH SEPTEMBER 2017		
HOURS	24 HOURS		
TIME	9:30am – 5:30 pm		
PARTICIPANTS	28		

A course was conducted on Rotary endodontics. It is the newer technology that helps to make the root canal experience both comfortable and efficient for dental patients. It is now the modern day requirement for fast, easy, efficient and improved version of age old cleaning and shaping procedure which plays a key role in the successful endodontic treatment. Instead of using traditional manual files and stainless-steel instruments to treat a root canal, rotary endodontics employs electrically-powered instruments to perform treatment on root canals more efficiently. Therefore, this course was implemented in our department for students to make them aware of this new technology for better treatment outcome in clinics. The lecture and hands on was conducted by Dr Vaibhav Garg. The course was successfully attended by 28 participants.

derprastha Dental College & Hospita 46/1, Site-IV, Industrial Area, Sahibabad, Ghaziabad-201010 (U.P.)

Course on

"Endorise –Single visit Rotary Endodontics"

7-9th September 2017

BY DR VAIBHAV GARG

MDS Conservative Dentistry and Endodontics. Senior consultant at Vidyasagar Hospital. Founder Director (Academics) Dental innovation & science

Day 1 Inauguration Lecture

- Introduction to rotary endodontics.
- · Different file system

Demonstration

 Different file systems were demonstrated on Endo training blocks

Day 2

Lecture

 Rotary endodontics in curved canals.

Demonstration

 File systems were demonstrated on extracted teeth with curved root canals.

Live Demonstration

Day 3

Hands-on

Participants
 experience rotary
 endodontics on endo
 training blocks,
 extracted teeth &
 Patient
